Caption.Ed System Requirements

Caption.Ed is available as a desktop, web, and mobile application. This document outlines the minimum system requirements for each of the applications available. To get the most out of Caption.Ed, we recommend using the desktop, web, and mobile applications together.

Caption.Ed Desktop Application on Mac

Our software may work on older MacOS versions, however we recommend and support Monterey, Ventura or later. We also recommend an Apple M1 processor and a minimum of 8GB of memory.

Caption.Ed Desktop Application on Windows

We recommend running Caption.Ed Desktop on Windows 10 or 11 with at least 8GB RAM, Intel i5 processor or later with SSE2 support CPU, and 500 MB free disk space.

Caption.Ed Browser Extensions

Caption.Ed provides browser extensions for Google Chrome and Microsoft Edge. These extensions only provide captioning and do not provide note taking functionality. For note taking, please use the desktop or mobile applications.

Caption.Ed on the Web

We recommend using the Caption.Ed Notes Editor on the web through the latest Google Chrome or Microsoft Edge browsers.

Internet Connection

Caption.Ed requires a strong and stable internet connection to work.

Caption.Ed on Mobile

We recommend running Caption.Ed on the latest iOS and Android operating systems.
